## Welcome to *B&A Bites!*

"B&A Bites" – you may be wondering what is a "B&A Bite?" Over the past 2 years a very popular food station that you might experienced while attending a B&A function is the "Bite Station." The station began as a tuna bite – sushi grade ahi tuna lightly seared, dipped in sesame oil and rolled in either black or white sesame seeds and served on a cocktail fork displayed in a container filled with kosher salt, rice, beans for example. Having a signature food item or presentation is somewhat a rite of passage in our industry.

The concept of having just a bite of something wonderful has been in place for many years...remember the Lays Potato Chip ad that challenged all of us? – "Bet you can't eat just one!" We hope that you will look forward to receiving your latest edition of "B&A Bites" just as we anticipated yet another potato chip. Hopefully you will find a bite of information that you will find usable, interesting and entertaining.

The evolution of B&A Warehouse is much like that of the Bite Station. First becoming one of Birmingham's most popular locations for a cool, hip party, then being named "Best in Business 2006" by the Birmingham Business Journal; and our latest honor being voted Birmingham's Best Caterer 2007 in Birmingham Weekly's reader's poll.

We are proud to announce the addition of B&A on 5th. This addition will serve as a production and exhibition kitchen, meeting and event space as well as the location for all "B&A On The Go" food pick up's. After much demand from our loyal guests we now offer many of our signature items as well as full meals. Place your order and either schedule a delivery, or pick it up on your way home at B&A on 5th. Please visit our web site – [www.bawarehouse.com](http://www.bawarehouse.com) for our "B&A On The Go" Menus and give us a call.
